

Nominating Committee Seeks Officer Candidates

Pierre Boyer and Chips Johnson will serve as this year's Nominating Committee to recommend individuals to serve as Leeway Overlee Civic Association officers and to fill other key positions. If you are new to the community—or a long-time resident—and interested in maintaining the quality of life in our neighborhood, consider serving.

The election of officers will be held at the June meeting of the association. A list of officer positions is on this page of the newsletter. At the June meeting, the community will also select its representatives to the Neighborhood Conservation Advisory Committee and delegates to the Arlington County Civic Federation. If interested in any of these positions, please contact Pierre (703-532-1868) or Chips (703-532-5831).

The Westover Experience is Changing

For decades the community has enjoyed the historic shops, restaurants and service providers located in the small Westover commercial area along Washington Boulevard. But the times, they are a-changin. The last few years have seen changes in the businesses in Westover. The Ayres Variety and Hardware Store remains the main anchor for the commercial district. But newcomers like Trade Roots, the Westover Beer Garden, and the Westover Farmers Market are altering the face of Westover. The recently launched First Fridays gatherings in Westover are one indication of the novel approaches that these new businesses are taking. And all the newcomers are internet savvy, with an on-line

Shopping Center on Lee Highway at Spout Run is considering opening an offshoot shop in Westover. It might replace the longstanding 7-11 convenience store located at the eastern end of the Westover shops. What do these changes mean for the Westover area and surrounding neighborhoods? Is the new business mix more relevant or less so for the lives we lead today? Will they make the future Westover more of a go-to place in the years to come? We will examine the new Westover at our early April meeting.

But two possible route changes from the intersection of Williamsburg Blvd. and John Marshall Dr. to the Metro station are being reviewed.
